

DAVENPORT SCHOOL DISTRICT
Google Apps for Education Acceptable Use Policy

Student Expectations for Acceptable Use:

The following are the Educational Objectives of Google Apps for Education:

- Group project sharing for classroom assignments
- Digital assignment turn-in of class assignments
- Online disk storage for school work-related assignments

District educators make every reasonable effort to monitor student conduct related to class content in order to maintain a positive learning community. All Google Apps participants will respect the teachers' time and professionalism by supporting the same positive approach.

All Google Apps participants will be respectful in their postings and comments. Inappropriate language, personal insults, profanity, spam, racist, sexist or discriminatory remarks, or threatening comments will not be tolerated.

No student, or other participant, may include any information on the site that could compromise the safety of him/herself or other class members. Participants should avoid specific comments about school location or schedules.

All Google Apps users must protect their log-in and password information and class passwords (if any). If participants suspect that a password has been compromised, they must notify the teacher immediately. No Google Apps participant may share his/her log-in information or protect information about the site with anyone who is not an authorized participant.

Student use must follow all other expectations as listed in the ***Davenport Schools Student Handbook***. *Failure of students to follow these guidelines may result in disciplinary action and/or termination of this service.*
